Established in June 1999 Carestar Entertainments specialise in entertainment for the elderly. Our reliable and professional organisation now covers over 500 Care Homes, Day Centres and Sheltered Housing complexes throughout Scotland.

Each sing-a-long cabaret show is normally one hour long, although we can accommodate any other requests that you may have. We have a variety of singers with songs tailor-made to suit the age group and musical taste of the audience.

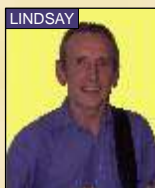

Shows can be booked for morning, afternoon or early evening.

After your booking is taken you will be given written confirmation of the agreed time and date. We also supply a professional A3 colour poster of the act booked. This lets friends and families see what professional entertainment that you are booking, and when it is on.

" I cannot recommend Carestar Entertainment highly enough. Peter Chalmers and his associates are a guaranteed hit whenever they appear, and evoke a marvellous response from the audience, captivated by their repertoire!
